The Marion-Polk County Medical Society has been partnering with businesses in the community for over 150 years! We have the honor of being the very first medical society in the state of Oregon, and our original journal (now known as ChartNotes) was the first medical journal in the state. Part of this illustrious history is at least four decades of experience helping local businesses reach our unique, targeted audience of local medical professionals. We are, undoubtedly, in the business of connecting people and building relationships, both internally and externally. Let us help you get connected! We offer a variety of opportunities for you to connect with your most valuable customers:

- **ChartNotes** is an award-winning quarterly print publication focused on investigative reporting of local medical issues, in-depth interviews, medical history and member profiles. We do our best to deliver what is important to our members, both professionally and personally. With distribution to approximately **600** local medical professionals, hospital and clinic administrators, community leaders and elected officials we offer the most effective and affordable way to get your message in front of the right people.
- The **Annual Membership Directory & Resource Guide** is an exclusive and handy guide just the right size to sit on the desks of clinic administrators and providers alike, offering your business the chance to stay in front of our members all year long.
- **Event Sponsorships:** Even today, face to face interactions remain a critical aspect of building strong relationships and successful business partnerships. Through sponsorship of our member events, we offer several opportunities throughout the year for you to connect with our members in person.

With a variety of touch points, we offer businesses (and budgets) of all sizes a unique opportunity to get their message in front of a local targeted, relevant audience. We are very grateful to all our business partners, as your support is critical to our own organizational success and sustainability. We are committed to your success and will work diligently to advocate for and advance the relationships most important to your business. Thank you for partnering with us!
